

CURRICULUM VITAE

James C. Prueter
36214 Dellwood Road
Grafton, Ohio 44044

EDUCATION:

- 1965-1969 Pre-Veterinary Training
 Ohio State University
 Agricultural College
 Bachelor of Science Degree
- 1970-1973 Veterinary School
 Ohio State University
 Doctor of Veterinary Medicine

POST-PROFESSIONAL TRAINING:

- 2004-Present Owner/director of the general practice at Shaker Animal Clinic
 Initiated S.A.F.E. (Safety for Animals and Families in Emergencies),
 Collaborated with Geauga Humane Society Association and OSU Veterinary
 School, TNR Association in the city of Shaker Heights, Discount for
 Working Dogs, Discount of specialty services with other specialists in the
 Akron/Cleveland area, Initiated establishment of Shelter Medicine College
 within the ACVIM
- 2002-Present Prueter and Associates, LLC Veterinary Consultant
 Initiated with Marshfield Laboratories the first annual Veterinary Specialists
 Conference for Small Animal Practitioners.
- 1981-August 2002 Veterinary Referral Clinic
 5035 Richmond Rd., Cleveland, Ohio 44146

 Owner/director of a multi-specialty (Internal Medicine, Oncology, Surgery,
 Radiology, Theriogenology, Dermatology) referral practice.
- 1999 Committee member for Case Western Reserve School of Medicine,
 University Institutional Animal Care and Use Committee. The intension
 for the position was to become associated with protocols that might have
 potential for VRC'S collaborative contribution.
- 1996 Established VETRO partnership with Ash Patel, MD, Radiation Oncologist,
 to place a linear acceleration radiation therapy unit within VRC facility.
- 1993 Established license to utilize I131 within Veterinary Referral Clinic facility
 for feline hyperthyroidism.
- 1983 Began utilizing MRI for patient evaluation at the Case Western Reserve
 Medical School. Moved to a free standing, privately owned unit (providing
 MRI, CT and nuclear medicine), typically performing 8-10 per month.

(Continued)

POST-PROFESSIONAL TRAINING (con't):

- 1983 Initiated "Specialists in Practice" within the ACVIM Forum with the assistance of Ted Belhorn, DVM, ACVIM. This idea was to better "utilize" each other for both academic and business environments. This "group" has evolved from 4-6 people to a majority of ACVIM members very well represented by Marilyn Staff, DVM, ACVIM.
- 1981 Initiated, with assistance from Charles Parshall, DVM, ACVO, "Specialists in Practice of Ohio" forum at the Annual Ohio Veterinary Medical Conference to promote specialists in practice in Ohio. This evolved from a half-day presentation schedule to a full day schedule.
- 1981 Successfully completed the ACVIM Board Certification Examination for Internal Medicine.
- 1979-1981 Detroit-Dover Animal Hospital, Westlake, Ohio
Associate Veterinarian: My position involved the standard patient/client interaction common to a small animal practice. I also had the primary responsibility for the in-house patient workup/care. Furthermore, I built a referral practice (15-20/month) within the hospital.
- 1978-1979 Westchester Community Veterinary Hospital for Special Services Mt. Kisco, New York
Senior Staff: My primary duties were to direct the educational program of three interns on the staff and to direct the care of in-house patients.
- 1977-1978 Westcott Animal Hospital, Detroit Michigan
Head of Medicine: My primary duties were directing the care of in-house patients and establishing continuing education conferences/lectures for staff and area veterinarians.
- 1975-1977 Ohio State University, Veterinary Teaching Hospital
Residency in Veterinary Internal Medicine: The residence was designed to meet the requirements established for certification by ACVIM. The program included rotation of ten-week intervals through the major subspecialty areas of veterinary internal medicine: neurology, cardiology, dermatology, hematology, nephrology, gastroenterology, anesthesia, and general internal medicine. I was also supervisor of the intensive care unit for Fall Quarter 1976. My special interest were cardiovascular and respiratory systems.

POST-PROFESSIONAL TRAINING (CON'T):

1975-1977 (con't) Member of Phi Zeta Society
 Awarded "Resident of the Year" by the class of 1977
 Successfully completed the ACVIM Board Qualification Examination for Internal Medicine.

1973-1975 F.O. Wright, DVM / Fort Hill Animal Hospital
 Huntington, Long Island, New York

Associate: I was an associate for two years in this six-man small animal practice. The hospital was AAHA-approved and an extremely progressive and professional veterinary hospital. It was well-equipped: for example, 300 MA x-ray unit and automatic developer, Hall's air drill and Richards plating equipment, indirect ophthalmoscope and intensive care unit. Continuing education courses were mandatory, and I attended several programs in Ohio, Connecticut, and New York.

PROFESSIONAL ACTIVITIES:

- American Animal Hospital Association
- American Veterinary Radiology Society
- Ohio Veterinary Medical Association
- American Veterinary Medical Association
- American Heart Association
- American Society of Veterinary Anesthesia
- British Small Animal Veterinary Association
- Member of American College of Veterinary Internal Medicine
